Mercerville, NJ (July 22, 2010) – A new publishing, creative content and Internet development company, Belanita LLC, releases its first book *Princess and the Emperor* by Mechelle Downes. The fun-filled time traveling, sword fighting, science fiction and interracial romance novel shot up to #79 on the Time Travel Best Seller List at Amazon.com. This unique interracial romance book stands alone: a black woman finds love with a white-Asian looking alien man.

Initially released as an ebook, the print version is now widely available at Barnes and Nobles, Amazon.com, Lulu.com, and Books-a-Million. “I felt there weren’t enough interracial science fiction romances featuring a black woman,” says first time author Mechelle Downes. “I love writing romantic science fiction; it allows you to play with many scenarios. I believe this story would make a perfect adventure film.”

Upcoming books by Belanita LLC will feature demi-gods, citrus diet recipes, and a free ebook with advertising for interested companies. To see more information about Belanita LLC, current and future book releases, visit: <http://belanita.com>.
